

Argentina - Paraguay: IX District Mission Assembly concludes and XI District Chapter moves forward

During three days, from 22 to 24 August, **the education network of the District of Argentina-Paraguay concluded its IX District Mission Assembly**, while making progress in the celebration of the **XI District Chapter**.

Both meetings took place in the Casa de Encuentro de La Salle in Villa Warcalde, in Córdoba (Argentina), and **brought together Brothers and lay delegates from the different works and institutions of the network**, with the participation of the leadership, management and animation teams, as detailed on the website of the District of Argentina-Paraguay.

“The Chapter and the Assembly are held every three years with great coordination. It is a time when we **meet to evaluate, enlighten and elaborate new lines and orientations to animate, in the near future, the communities, centres and educational services** that we carry out in Argentina and Paraguay”.

As a result of this process, progress is being made towards the drafting of the document which will guide the itinerary of the District of Argentina-Paraguay during the next three years, although the XI District Chapter is now continuing with a period of inter-session until next November.

Celebration of Perpetual Vows

The meetings ended with the celebration of the **Perpetual Vows of Brothers Mario Oronales**, from the Malvinas Argentinas community, **and Miguel Justiniano**, from the amor-esperanza community and the Colegio La Salle Argüello.

“We celebrate the realisation of these events, **thanking each educator for** their time and commitment, hoping that this will be a new step in our institutional improvement at the social and educational service of the community of Argentina and Paraguay”.
